This subcommittee will meet at a later date.

2. Re-evaluate Sub Committee:

Dr. Harrell has suggested that the committee review the sub-committees and decide which subcommittees to keep, which to remove and create new subcommittees, as needed (for example, subcommittee for recycling at football games).

Dr. Harrell was informed that there is a Sustainability Panel. Her goal is for this committee to work with that panel to help promote Sustainability.

6. Parking Lot Items: Dr. Harrell has been communicating with Brian Allred, Chair Wellness Committee to discuss things throughout campus that 'overlap'. For example, bike lanes on campus.
